**Subject:** Dan Powell - Cherry Hill Reclamation Plan Status (M/049/021)

12/05/2003 - I called Dan Powell on his cell phone to get an update on the status of his reclamation plan preparation. No answer, left voicemail message to please return my call ASAP regarding same.

12/08/2003 - I was successful in reaching Dan on his cell and asked him for an update. He stated he was still getting settled in (presumably from his recent marriage), but had called Steve Powell (cousin) a week or so ago about setting up on meeting with Nielson Construction at Cherry Hill site to discuss their plans. Dan said he has not heard back from Steve yet, but said he would give him a call. I asked him to do so then give me a call later this week with an update. He agreed to do so and stated he should have something for me by weeks end.

I'll call again if I haven't heard back from him end of the week. If no further info available at that time, I'd suggest we meet to discuss our next action.

Joelle, please copy this email to the mine file (M/049/021).
